

Erratum

## Surgical Experience of Neglected Lower Cervical Spine Fracture in Patient with Ankylosing Spondylitis

J Korean Neurosurg Soc 48 : 66-69, 2010  
10.3340/jkns.2010.48.1.66

---

There has been a mistake, claimed and confirmed by both first and corresponding author of Vol. 48, 2010, p.66-69 issue, that corresponding author should have been Dae-Jean Jo, M.D. instead of Eun-Min Seo, M.D. who was also the first author of this issue. It was found that such error was made during the process of final submission of the manuscript and editorial board of JKNS had investigated and had found out such claimed error was relevant and thus permitted for the correction and announcement of erratum in this issue.
